Subject: Worker Safety at Protest Sites

Hi Ron;

The Business Agent (Glen Johnson) for Local 49 Operating Engineers Union contacted me last night with concerns of worker safety at the protest sites where their union workers are at. He asked me to reach out to the Governor's office to relay those concerns – perhaps he did so directly too.

If you'd have time for a brief visit or a phone call to provide your input, I'd be appreciative.

Thanks Ron.
